back-2-nature

FOR YOU, YOUR PET & THE ENVIRONMENT

A cleaner & healthier environment

- Our uniquely formulated pellets are virtually dust-free
 - this means less tracking, scattering and spread
 - this also means minimal respiratory irritants (for you and your pet)
- Used pellets don't stick to the scoop, hutch, cage or aviary
 - so it's easier & faster to keep clean.
- The natural absorption qualities of our recycled paper product helps to keep the area dry.
- The natural odour absorption qualities of our recycled paper product minimises odour without the use of chemicals or additives.

Long-lasting with minimal waste

- The naturally high absorption qualities of paper means our product is long-lasting.
- Our uniquely formulated pellets have minimal breakdown qualities & retain their shape even when wet.
- Our pellets are virtually dust-free, which means less waste.

Easy to use, clean-up & dispose

- Our uniquely formulated pellets are virtually dust-free
 - this means less tracking, scattering and spread.
- Used pellets don't stick to the scoop, litter tray, hutch, cage or aviary
 - so it's easier & faster to keep clean.
- Our lightweight product is easier to lift, carry & use.
- Our pouring spout makes it easier to pour & gives more control.
- Our biodegradable product can be easily used as surface mulch in gardens or disposed for decomposition at a managed landfill facility.
- Our packaging can be recycled with other paper or can be composted or used as an environment-friendly bio-fuel.

Recycled products can save landfill space, save energy, reduce pollution & use less resources than virgin material

- Our product is made from >99% recycled paper & utilises no virgin material.
- After use, our >99% biodegradable product is ideal surface mulch, which (especially when mixed with other organic material) can help suppress weed growth, retain water, help protect plants from frost & reduce soil erosion.
- Our paper packaging (including print inks) is recyclable or can be composted (it's biodegradable) or used as an environment-friendly bio-fuel.

No bleaches or additives

- Our patented process is Process Chlorine Free (PCF) which means it utilises no bleaches (including chlorine, oxygen-based & elemental bleaching).
- Our product utilises the natural absorption qualities of paper & has no coating, bulking, anti-clumping, absorbent gels or scent additives (>99% no additives).

Better transport efficiency & reduced transport emissions

- Our product is lighter than clay, chemical & wood alternatives.
- Lightweight products result in lower fuel consumption (before & after purchase) & lower emissions per km (before & after purchase).

**outstanding
odour control**

 **recycled paper product
environmentally friendly**
